Finance Docket No. 34797

RE: Olin Chemical site, Wilmington, MA.

To whom it may concern:

Please be advised that we are totally against the Transrail operating in Wilmington, MA.

There are numerous reasons why we don't approve of this. Here is just a few:

We do not need any more traffic in our area.

There are 2 schools in this area as well as elderly housing and we don't need to have that kind of smell around here for our children/elderly to breath in.

What kind of rodents will this bring to us?

We don't need more trash around our area.

Do you not care about your employees that you want them to work on an area that is already deemed as a toxic site??

Let us raise our children in a family oriented neighborhood without this Transrail!!

Sincerely,

Mark and Lorrie Macdonald
